

New Hope Legacy Society

The Legacy Society was established by the trustees of the New Hope Foundation to honor friends and families who have chosen to further the ministry of New Hope by making a planned gift. We thank those visionary individuals whose commitment will continue to enhance the lives of individuals with disabilities far into the future.

To become a member of the New Hope Legacy Society, commit a donation to New Hope either in your will, life insurance, etc.. Then contact our Director of Development to let them know that New Hope has been included in your plans. No amount need ever be revealed unless you would like it known.

The Foundation Mission is to support New Hope in enriching the quality of life for individuals with disabilities by offering opportunity, choice, and support in an environment which promotes dignity and self-fulfillment.

**Enhancing the lives of individuals
with disabilities.**

Foundation

The New Hope Village Foundation was established in 1987 as the fund-raising arm of New Hope. It is governed by a Board of Trustees who oversees development operations.

Fund-raising dollars play a very important part in providing high quality services to persons with disabilities.

While most levels of operational needs and services at New Hope are covered by government funding programs, there is often not enough to cover equipment, furnishings and other capital improvements that meet New Hope's standards for high quality service. The worst recession in 80 years and the resulting government budget cuts have increased the need for Foundation support more than ever.

New Hope Village is a 501 (c) (3) agency.

Several special funds are available through the Foundation to help donors give more effectively and provide a better choice for contributions.

Your gifts can be designated to any of the following funds:

Annual Fund: The Annual Support Program pays for recurring needs, such as adaptive equipment, vocational supplies and programming, and capital expenditures at New Hope and its off-campus sites.

Building and Equipment Fund: The fund pays for new buildings, renovations, repair and replacement of equipment, grounds improvement, and other major expenditures at New Hope and its off-campus sites.

Endowment Fund: The fund was established to provide a supplemental source of income to pay for recurring and special needs. It provides the donor the opportunity to make a gift that will keep on giving and will help New Hope save for the future.

Your donations are vitally important to us.

Funds received from planned gifts such as bequests, life insurance, retirement funds and memorial gifts go 100% to the Endowment Fund unless otherwise designated.

Client Special Needs Fund: This fund was established to provide for personal needs of our clients when there are no other funds available.

Staff Development Fund: This fund provides our staff members with opportunities for expanded training and development. The development of this fund allows a greater number of New Hope's current and future leaders the opportunity to advance their knowledge, skills, and abilities.

The Director of Development works closely with the Foundation Trustees to supervise the receipts and expenditures of these funds.

In addition, if families of persons served at New Hope have questions or concerns about future financial security for their loved ones, the Director of Development is available to visit with them.

Gifts of cash and materials are always needed and welcome to assist New Hope in continuing the excellence in services due to the people we serve.
